Committee

# Strategic Objectives

- 1. Identify capacity development challenges and opportunities** in order to facilitate access to solutions, including accessing the INTOSAI–Donor Cooperation.
- 2. Strengthen structured INTOSAI professional development** as an anchor for professional capacity development and potential certification of public sector audit professionals at SAIs.
- 3. Advocate for and support the development of capacity at both the SAI and regional level** and maintain and enhance the usefulness and use of SAI PMF
- 4. Share capacity development insights and ensure responsiveness to SAI needs** through, for example, communities of practice.
- 5. Engage strategically with the wider international development community** in the interest of SAI capacity development.

# Key strategies / Initiatives

1. **Facilitate the development of standards and guidance related to auditor education, training and capacity development, and initiate processes / future structures for auditor professionalization**
2. **Provide a regional community of practice – the *Regional Forum for Capacity Development* – to share and address issues relating to regional capacity development issues and regional professionalism at a cross-regional and strategic level**
3. **Continue to promote peer reviews and cooperative audits as capacity development tools, and facilitate the exchange of best practices and access to relevant communities of practice**
4. Provide strategic direction for and oversee the implementation, maintenance, use and relevance of **the SAI Performance Measurement Framework**

# Key strategies / Initiatives (cont.)

5. **Share knowledge and experiences** in the field of capacity development
6. Support SAIs as models of integrity, transparency and accountability **through the use of the IntoSAINT integrity tool.**
7. **Focus attention on SAIs in fragile situations** with particular emphasis on the impact of the 2030 Agenda for Sustainable Development on their capacity development needs.
8. **Strategically engage with the international development community** platforms in order to promote the capacity development needs of SAIs, while emphasizing SAI value and benefits.
9. **Support and promote medium to long term peer-to-peer cooperation between SAIs** in support of institutional capacity development
