| **Share capacity development insights and ensure responsiveness to SAI needs through, for example, communities of practice.**  
**[INTOSAI STRATEGIC GOAL 2: CAPACITY DEVELOPMENT – Strategic Objective 2.4]** | **Provide a regional community of practice – the Regional Forum for Capacity Development (RFCD) – to share and address issues relating to regional capacity development and regional professionalism at a cross-regional and strategic level.**  
**[KEY STRATEGIES TO ACHIEVE GOAL 2 AND STRATEGIC OBJECTIVES - #2]** | **In support of INTOSAI’s ambition to leverage and facilitate cooperation and professionalism among INTOSAI’s regional organizations, a regional community of practice is established to address regional development issues across regions and at a strategic level.** | **Progress to date:**  
1. The 68th Governing Board, in December 2016 –  
   - supported the establishment of the RFCD as a community of practice to share and address issues relating to regional capacity development and regional professionalism, and  
   - adopted the Framework for Regional Professionalism as a basis for strategic planning by INTOSAI regional organisations  
2. An RFCD page was created on the CBC website to facilitate sharing of information on regional strategies and related information  
**Key next steps / action items:**  
1. Two RFC7 meetings are planned in 2017:  
   - a meeting during the 2017 annual CBC meeting (a case study on professionalization support), and  
   - a meeting the day before the 70th GB meeting (to determine how best the regions and other key role players can complement one another’s efforts)  
2. Investigate, e.g. in consultation with the IDC and others, how to enhance support to SAIs in dealing with donor requests to audit in-country programmes  
**Key risks:**  
1. Overwhelming expectations of what the regions, on the one hand by its member SAIs, and on the other hand global INTOSAI structures. **Mitigating action:** Analyze and resolve how best to balance the various expectations with regions’ own capacity and own priorities.  
2. Inconsistency of some region’s representatives at key engagements. **Mitigating action:** Come to arrangement with Secretaries-General and regions’ CBCs to support consistency in terms of purpose of engagements. |
