

INTOSAI

Capacity Building
Committee

Theme 1B —SAI peer-to-peer support

Acknowledging the CBC obligation to support and promote medium to long term peer-to-peer cooperation between SAIs in support of capacity development, and having confirmed that there is a definite need for scaled-up and coordinated SAI peer-to-peer support based on the feedback from the discussion groups, the CBC requests the CBC Secretariat and the IDI, in consultation with the INTOSAI-Donor Secretariat where necessary, to consider feasible means through which SAI peer-to-peer support can be scaled-up by the relevant INTOSAI role players.
