CBC Dashboard 2022

ACCC (SAI Sweden)

Annual progress report *(September 2022)*

Key to progress indicator colours	
	Initiatives / projects on schedule
	Initiatives / projects behind schedule
	Delayed owing to reasons beyond control
	Serious difficulties being experienced
	Not yet scheduled to start
	Initiatives / projects completed

Strategic objective (as per SP 2017-22	Strategies & initiatives (as per SP 2017-22)	Performance / progress indicator (use progress indicator colour as per above)	Progress, key action items, risks
2.4. Share capacity development insights and ensure responsiveness to SAI needs through, for example, communities of practice. (and 2.1. Identify capacity development challenges and opportunities in order to facilitate access to solutions including accessing the INTOSAI-Donor Cooperation)	Focus attention on SAIs in complex and challenging contexts with particular emphasis on the impact of the 2030 Agenda for Sustainable Development on their capacity development needs. [KEY STRATEGIES TO ACHIEVE GOAL 2 AND STRATEGIC OBJECTIVES - #7]	Availability of good practice information, informal networks and platforms for sharing between SAIs auditing in complex and challenging contexts. Available to INTOSAI, donors and other partners and stakeholders of expertise, knowledge and material on working with SAIs in complex and challenging contexts	**Progress to date:** • Series of webinars (4/year) – 2 webinars held (fewer webinars held due to limited resources/time). SAIs present and share practical examples followed by discussions. • Infographic on Getting Connected finalized and published on the CBC website. Tool to support SAIs with limited internet access get the most of existing technology. • 1 additional "good story" collected and published on the CBC website. • First digital workshop held with AGs in AFROSAI-E **Key next steps / action items:** • Plan additional webinars • Re-design the ACCC website • Explore possibilities to develop short film about the ACCC • Explore new ways of sharing experiences and good practices amongst SAIs working in complex and challenging contexts (i.e. podcasts). **Key risks:** • SAIs in complex and challenging contexts unable/unwilling to contribute to the work. <u>Mitigating action</u>: (a) SAIs with relevant experience in the working group. (b) Continue demonstrating the relevance/usefulness of the work and continuously seek ways to strengthen the work and its impact. • SAIs in complex and challenging contexts unable to make use of what is developed. <u>Mitigating action</u>: (a) Technical and resource limitations taken into consideration and continuously tested and adjusted to circumstances. (b) Encourage users to propose solutions.
